

Pudsey Bolton Royd Primary School
Nursery, Reception and Year 1
Achieved April 2016

In April 2016, Leeds Community Healthcare NHS Children's Speech and Language Therapy Department were pleased to award Pudsey Bolton Royd Primary school, nursery, reception and year 1 classes with the Leeds Communication Friendly Setting Standard.

Evidence shows that excellent communication practices in the classroom impact positively on all areas of the curriculum including reading, writing and maths. By working towards the 'Leeds Communication Friendly Standard', Pudsey Bolton Royd will reinforce existing good communication practices and enable them to strive towards even better communication in all their classrooms, resulting in better outcomes for the children.
